The International Society for the Study of Fatty Acids and Lipids (ISSFAL) was established in 1991 with the objective of increasing the understanding of the role of dietary fatty acids and lipids in health and disease through research and education.

ISSFAL's members come from more than forty countries and include scientists, health professionals, administrators and educators with an interest in the health effects of dietary fats.

ISSFAL's mission is to serve as an agent for communication among interested scientists — working in nutrition, physiology, pathology, biochemistry, cellular and molecular biology and clinical medicine — who are studying the biological effects of fatty acids and lipid metabolism in health and disease. Improved

communication across these different branches of medical and biological sciences has already stimulated new research and increased knowledge of nutrition. ISSFAL has also taken a role in interpreting the new facts into sound nutritional advice for the public.

ISSFAL 2023 will continue the tradition of biennial international meetings and we look forward to your support of this important Congress.

# WELCOME TO NANTES

## HIGHLIGHTS

We invite you to Nantes! From the Château des ducs de Bretagne to the Passage Pommeraye, from the Musée d'arts to the Galerie des Machines, Nantes' rich history is revealed through its architecture and outstanding creativity.

Nantes sparkles, surprises and enchants with its infectious energy and ability to reinvent and renew itself. Discovering the City of Dukes is to make the most of an exceptional heritage where plant life takes root in town planning. Discovering means following the Voyage à Nantes arts trail and being taken by surprise by its contemporary installations. It means wandering on foot

or by bike in and around accessible and welcoming public spaces.

Emerging from a place between Brittany and the river Loire, at the crossroads of the sea and the land is a cuisine showcasing local products to be savoured in the 132 selected restaurants in the guide Les Tables de Nantes.

Nantes is recognised for its quality of life and held the European Green Capital Award in 2013. Its privileged setting has 500 kms of cycle lanes and 210 kms of waterside walks.

Nantes is waiting for you... Make the trip!

## ISSFAL 2023 THEMES & TOPICS

The Congress will run Sunday through Wednesday, 2-5 July. As in past meetings, ISSFAL 2023 will provide an opportunity to hear and discuss the latest scientific findings related to the biology of fatty acids and lipids and their mediators; and for interaction among scientists from academia, government and industry with other health professionals.

### Satellite Symposia and Sponsored

**Workshops:** There will be several added opportunities to present during the Congress in either a workshop format or by arranging a satellite symposium on a specific theme. We encourage you to contact us about any proposal to conduct such a session as soon as possible.

## INVITEES

ISSFAL 2023 will invite leading scientists in the area of lipid and fatty acid research, particularly those whose work can be linked to human health. By inviting outstanding scientists who can translate the relevance of their work for health, we aim to attract more than 500 delegates world-wide, complementing a vast number of participants from Europe, from a wide range of disciplines linked to lipids and health.

The meeting will also feature the presentations of the ISSFAL's prestigious awards – Alexander Leaf Award and the Dr. Norman J. Salem, Jr. Early Career Award as well as the Société Française pour L'Étude des Lipides (SFEL) – La Médaille Chevreul – Award.

The 2023 Congress will continue the ISSFAL tradition of providing extensive support for New Investigators, who are future for research in lipids and fatty acids and for the Society. ISSFAL is providing travel bursaries totalling US \$15,000 to support the attendance of New Investigators. ISSFAL 2023 will provide free registration for successful New Investigator Awards applicants, as well as significant prizes for the best oral and poster presentations from this group.

# INVITATION TO SPONSOR, EXHIBIT, AND ADVERTISE

Industry sponsorship has always been a key feature of the success of past ISSFAL meetings. Sponsorship is more important than ever as it enables us to invite the leading scientists in the increasingly exciting area of lipids, fatty acids, and their mediators. Also, sponsorships allow us to offer numerous opportunities for all attendees to interact while keeping down the cost of meeting registration – a particularly important benefit in view of the emphasis placed on the encouragement

given to researchers at the start of their careers.

Apart from the invitations to submit work for presentation, a significant number of free registrations are awarded to student members, together with the opportunity to apply for travel awards and to win significant prizes for the best science presented. All this support could not be achieved without significant financial sponsorship from industry, academia and government.

The Organizing Committee therefore invites your support of the Congress through one of several sponsorships, exhibition or promotional opportunities listed on the following pages.

The Congress will be promoted to as diverse an audience as possible by:

- Direct mail and e-mail via our listserve of over 2000 unique individuals
- Via the ISSFAL main website as well as the dedicated ISSFAL 2023 website
- On-site promotion at allied meetings leading up to the congress
- Listings in journals and newsletters and on relevant web lists

As in previous years, there will be many opportunities to recognise sponsors in

prominent ways. On the following pages the benefits associated with the various sponsorship packages are set out. Early application is advisable to ensure that your company's marketing goals are realized — as soon as sponsorship is confirmed, your company will be listed on the website and in print material as a supporter of ISSFAL 2023.

The Committee would be happy to discuss with you any of the exhibition and promotional opportunities detailed. If you wish to discuss options that are not currently listed, we would be pleased to explore these with you and cater to your individual requirements.

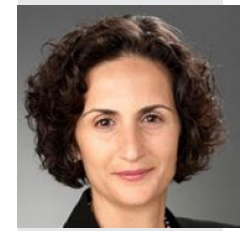

Further information about the exhibition and a floor plan will be distributed early in 2023.

ISSFAL recognizes the generous support from industry and looks forward to an ongoing relationship.

Yours sincerely,

**Bernadette Delplanque**  
Congress Chair

**Maria Makrides**  
ISSFAL President

## SPONSORSHIP PACKAGES

1. Sponsorship application forms should be sent to ISSFAL headquarters as soon as possible to secure sponsorship opportunities. Companies confirming sponsorship early will gain most benefit from the inclusion of their logo on the Congress website and print material at the time of confirmation. Inclusion of a maximum 40 word profile on both the website and in the official program.
2. A 20% deposit must be paid at the time of commitment, with full payment due by **1 March 2023**. Payments must be paid in U.S. Dollars by credit card or bank wire transfer/ACH. Please provide exact billing address and an email for ISSFAL to send invoices. Also please include details of any specifics needed on any ISSFAL invoices to process payment.
3. Sponsorship rights will be confirmed on receipt of deposit.

## TERMS & CONDITIONS

All exhibitors must agree to the Terms and Conditions governing this conference.

Exhibits set up and tear down dates and times will be sent to confirmed exhibitors by 1 May 2023. No exhibitors may dismantle exhibits until the official closing time.

**Exhibitor Services:** One standard size booth space in the Exhibit area. The official decorating and drayage company of ISSFAL will provide and distribute an exhibitor services kit containing literature and rates for all services and equipment. All furnishings and special requirements should be ordered through that decorating company.

**Exhibit Coordinator:** The official decorating company will manage all services and have service personnel available at the time of installation and dismantle. Details will be announced no later than 31 December 2022.

**Exhibitors Information Kit:** A complete Exhibitors' Kit containing all the necessary order forms for drayage, electrical service, furniture rental, carpeting, cleaning, etc., will be provided to each exhibitor after confirmation of space assignments.

**Arrangement of Exhibits:** The exhibitor agrees to manage their exhibit so as not to obstruct or interfere with the view of the exhibits of other exhibitors, or the free passage of spectators.

**Care of Space:** The exhibitor agrees not to deface, injure or mar the exhibition hall, furniture, fixtures, surfaces, or any other property within the Congress facilities.

**Insurance:** ISSFAL assumes no responsibility for the safety of the personnel and property of exhibitors or the personal property of their agents. Specific insurance requirements may be necessary; exhibitors will be notified no later than 31 December 2022 of any specific insurance requirements.

**Children:** Under no circumstances will children be allowed in the exhibit hall during installation or dismantle. Children under 16 years of age must be registered for admission to the conference and must be accompanied by an adult always.

**Shipping Instructions:** Please ship on the exact date and to the exact location specified in the exhibitor's manual. All transportation charges are to be prepaid, and all shipments should be labeled with return address. Additional shipping instructions and labels will be provided in the decorating kit. All shipments should be packed

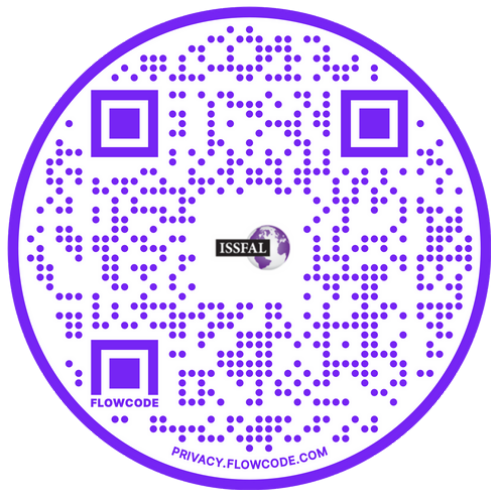

securely and fully prepaid. Bills of lading should be forwarded to the drayage agent when shipment is made. Each exhibitor agrees to ship their materials at the company's own risk and expense.

**Conduct of Exhibits:** All booths must be uniform. Interviews, demonstrations, and distribution of literature or samples must be made within the booth area assigned to the exhibitor.

**Method of Payment:** Applications shall be accompanied by credit card payment (Visa, MasterCard, or American Express); wire transfer; or a check in US Dollars for the 20% deposit or full payment made payable to:

ISSFAL  
Attn: ISSFAL Congress  
4301 50th Street NW, Ste. 300  
Washington, DC 20016 USA

**Cancellation Policy:** If ISSFAL receives written notice of space cancellation more prior to 1 April 2023, a 50% refund of monies received will be made. If an exhibitor cancels on or after 1 April 2023 and the space is not resold or the exhibit hall is not sold out, the entire cost of booth space will be forfeited.
